

Financial Education Fair

The Atlanta Federal Executive Board and the Office of Personnel Management are sponsoring a financial education fair for Federal employees in the Richard B. Russell Federal Building from 11 AM to 2 PM on June 16, 2004.

The financial education fair will be an opportunity to hear leading speakers on financial topics you care about. There will also be financial education exhibitors. Exhibitors and speakers will be from Federal agencies and representatives of broad-based professional organizations. This will be an opportunity to learn and ask questions from experts. No one will try to sell you anything.

Visit the exhibitors in the lobby outside the Strom Auditorium on the Lower Plaza Level of the Richard B. Russell Federal Building. We will also have 4 workshops on financial education topics in the Strom Auditorium. The workshop schedule is:
